“ *Dear All, So very sorry to hear about your Dad, Granddad, and Great Granddad's passing. I have such fond memories of him but one comes to mind when we lived next door to Lori and how wonderful he was to my children. My daughter, Kimi, couldn't wait to see him nearly every day and play the hide and seek game with him. He had a tiny little cat figurine that he would hide for Kimi to find. As she got older, he gave it to her to keep and we have always kept it. I've been lucky to have known him for 35 years and will miss him. Much love to you all during this difficult time.*
